
MINUTEMAN®

ROTO-TILLER

Turn your skid-steer loader into the ultimate power tool

Large-area ground reclamation and preparation require the use of a large tool with extra power. The Minuteman® roto-tiller digs and loosens soil, mixes residue and fertilizer. It's constructed of high-grade steel for extra life and durability and features a neutral granite gray, rugged Dura-Coat™ finish to resist corrosion.

- Depth-adjustable in ½" increments from 1" to 6" for a made-to-order seedbed
- Direct-drive motor provides round-the-clock tilling productivity
- Aggressive, heat-treated dual-edge tines provide optimum soil mixing and movement in either forward or reverse direction
- 24" diameter with 73° angled tines for ideal seedbed preparation
- Viewing window for enhanced operator convenience
- Optional front-leveling panel eliminates extra passes and can be pinned up for forward travel
- Versa-Tach™ universal mounting for easy fitting to Liberty™ and other skid-steer loaders

Specifications:

- Motor: 38 cubic inch direct drive
- 60" or 72" working widths
- 60" width 1,000 lbs.; 72" 1,025 lbs.
- Hydraulic requirements: Up to 32 gpm high flow
