

# **Move It *Fast!***

*Speed the handling of all your bulk materials with the versatile truck unloading auger from Unverferth. It mounts easily on your truckbed gate and makes unloading of seed, feed and fertilizer virtually effortless.*

## Unverferth Truck Augers *Move It Fast!*

- Telescopic downspout and side-to-side maneuverability of the auger let you unload to the rear or either side of the truck
- Universal mounting bracket fits a wide variety of truck bodies with minor modification
- Extendible downspout from 9' to 14'9" and a 360° rotating elbow for a full 25' reach
- Easily lowers into the unloading position with the use of a winch and locks into position with tool-free over-center latch
- Auger assembly easily folds into a compact transport position
- Weather-resistant electronic switch at end of the spout, combined with a metering door in the hopper intake for easy flow-rate control
- 6" auger tube constructed of heavy-duty, 10-gauge steel for greater durability
- Powered by 6-cubic-inch hydraulic motor that requires just 6 gallons per minute and 1,200 P.S.I. of pressure
- The top-mounted motor stays clear of dust and debris for longer life
- Tool-free detachment from truck with the removal of two pins and the cable
- All metal parts of auger are powder coated for optimum corrosion resistance
- Rubber hopper guard minimizes material bounce and spill
- Auger cleanout is quick and easy with conveniently located cleanout door
- Choice of steel or brush-tip flighting
- Discharge rate of 8 bu/min for grains and 900 lbs/min for fertilizer based on 500 rpm auger speed

*Easily positioned for filling*

*Tool-free detachment*

*Full 25' side or rear reach*

Whether unloading seed, feed, fertilizer or other bulk materials, the Unverferth truck gets the job done quickly. See your Unverferth dealer today for complete details, check our web site at [www.unverferth.com](http://www.unverferth.com) or call 1-800-322-6301.
